ABOUT US

Embrace Village is a grassroots non-profit company founded by the directors of TLC Children's Centre to carry forward its 30-year legacy of serving vulnerable children.

What began as TLC's pioneering work has grown into a broader community movement—supporting not only children, but also the families and neighbourhoods they belong to.

TLC continues as an Early Childhood Development Centre, nurturing little ones in their crucial early years, while Embrace Village expands this foundation through family strengthening, community engagement, and sustainable initiatives.
